

**Central United Methodist Church  
Provide & Protect Seminar  
List of Estate Planning Attorneys**

The following represents a list of attorneys in the northwest Arkansas area who are known to have expertise in the area of estate planning. This is not an exhaustive list and attorneys may be added or removed from time to time. Central UMC does not have a formal relationship with any of these attorneys and we cannot vouch for the quality of their work but based on the reputation of those who have used them we believe all are very capable of providing a full-slate of estate planning services.
